

Timothy Curran, PsyD, MAC, CAC-II

Dr. Timothy Curran is a licensed clinical psychologist in the state of Georgia. He has been working in the mental health field for over 10 years. He is a generalist practitioner with an emphasis in rural populations. Dr. Curran has a wide range of experience working with mental health and substance use disorders. He also has extensive experience with psychological assessments including diagnostic assessments, psychoeducational assessments, Autism assessments, neuropsychological assessments, pre-surgical assessments, disability assessments, substance use assessments, cognitive functioning assessments, and personality assessments. Dr. Curran uses a holistic treatment approach that espouses cognitive therapy, rational emotive behavior therapy, behavioral therapy, and narrative therapy. Since no two individuals are alike, treatments must be tailored to each individual needs in order to help them to achieve their best self.

Dr. Curran received his Doctorate in clinical psychology from Georgia Southern University which is accredited by the American Psychological Association. He completed his APA accredited pre-doctoral internship at the Hazelden Betty Ford Foundation in Center City Minnesota. He holds a master's degree in clinical psychology at Georgia Southern University, and a Bachelor's degree in psychology, with a minor in applied statistic and data analysis at Kennesaw State University. He is authored on publications, and has presented research at several national and international conferences.

Additionally, Dr. Curran has extensive experience working with individuals with substance use disorders. Nationally he holds a Master Addiction Counselor Credential, and a Certified Addiction Counseling Certification level II with the Georgia Addiction Counselors Association. Furthermore, he has extensive experience working with co-morbid mental health and substance use disorders, including trauma.
